The Wolf hotel is putting in a new steam heating plant this week. When this is completed Ellinwood can boast of one of the best hotels in western Kansas and this will be one of the best stopping places for the traveling public.

On last Thursday evening at 9:30 Mr. and Mrs. Peter Lorang experienced the saddest hour that ever casts

gloom over parent's heart by the death of their bright and loving little daughter, Esther Elizabeth, who at that time answered to the call from the other side of death's dark river and went on the other side of the valley of the shadow of death. Esther Elizabeth Lorang was born at Ellinwood, Kansas, Aug. 4, 1898 and died at Watonga, Oklahoma, Sept. 16, 1909, after an illness of several weeks caused by malarial fever.

Saturday night a surprise was sprung on the people of Ellinwood when Sheriff Dailey came down from the Bend and put "Curly" Woodburn under arrest for selling whiskey. It had been rumored for some time that some one was handling booze in the north livery barn, but nothing definite could be learned about the matter. Now it appears that the complaint was made against Woodburn. We have tried to learn all about it but we are unable to find out much about the case, but as near as we can find out, the man that actually sold the booze made his get-away and the

officers have the wrong man, however that will be settled when the case comes up for trial and we will be able to tell more about it.

Mr. lover

perhaps you would like to have a home and not only "love her," but become a homelover.

don't think that it will take a mountain of gold to furnish a home. if that is the only thing that stands in your way, you and that best girl just get together and figure out what you need.

will go further than you think to start in.
